Dear Mr. Schrock:

Re: NAPC Trenton HRS Scoring

As we discussed, I am sending you the Hazard Ranking System (HRS) scoring package for Naval Air Propulsion Center (NAPC) in Trenton, New Jersey. Please note that the score was lowered by MITRE bringing it below the level needed for inclusion on the National Priorities List (NPL). I also have enclosed a letter from EPA stating that NAPC will not be listed on the NPL and requesting that the Department assume primary responsibility for oversight activities. The letter also states that EPA will be a member of the Technical Review Committee.

If you have any questions please call me at (609) 633-1455.

Sincerely,

Joseph Freudenberg, Case Manager
Bureau of Federal Case Management
